L01 Hero image and text rail

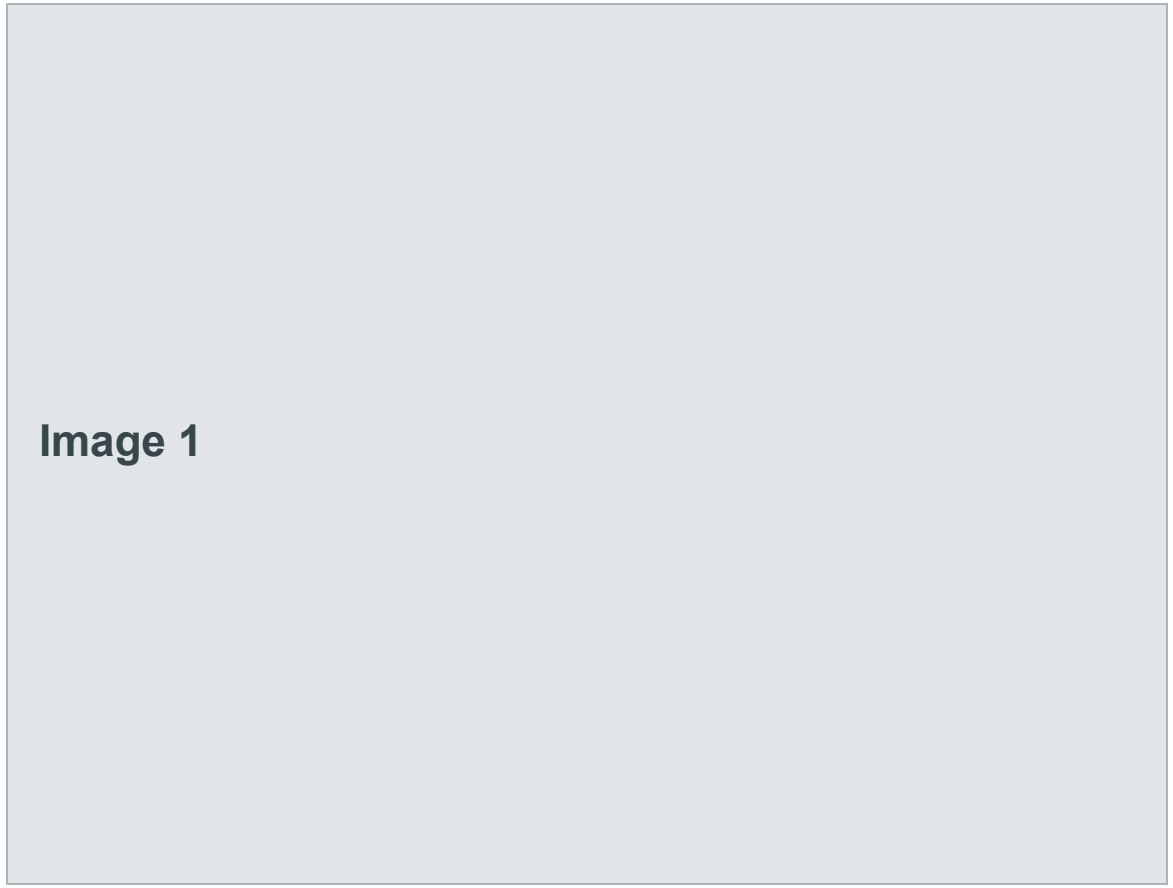

Caption / source placeholder

Design observations

Body placeholder: subject, context and relationships.
Add observations, conditions and sources.

L02 Two-image comparison

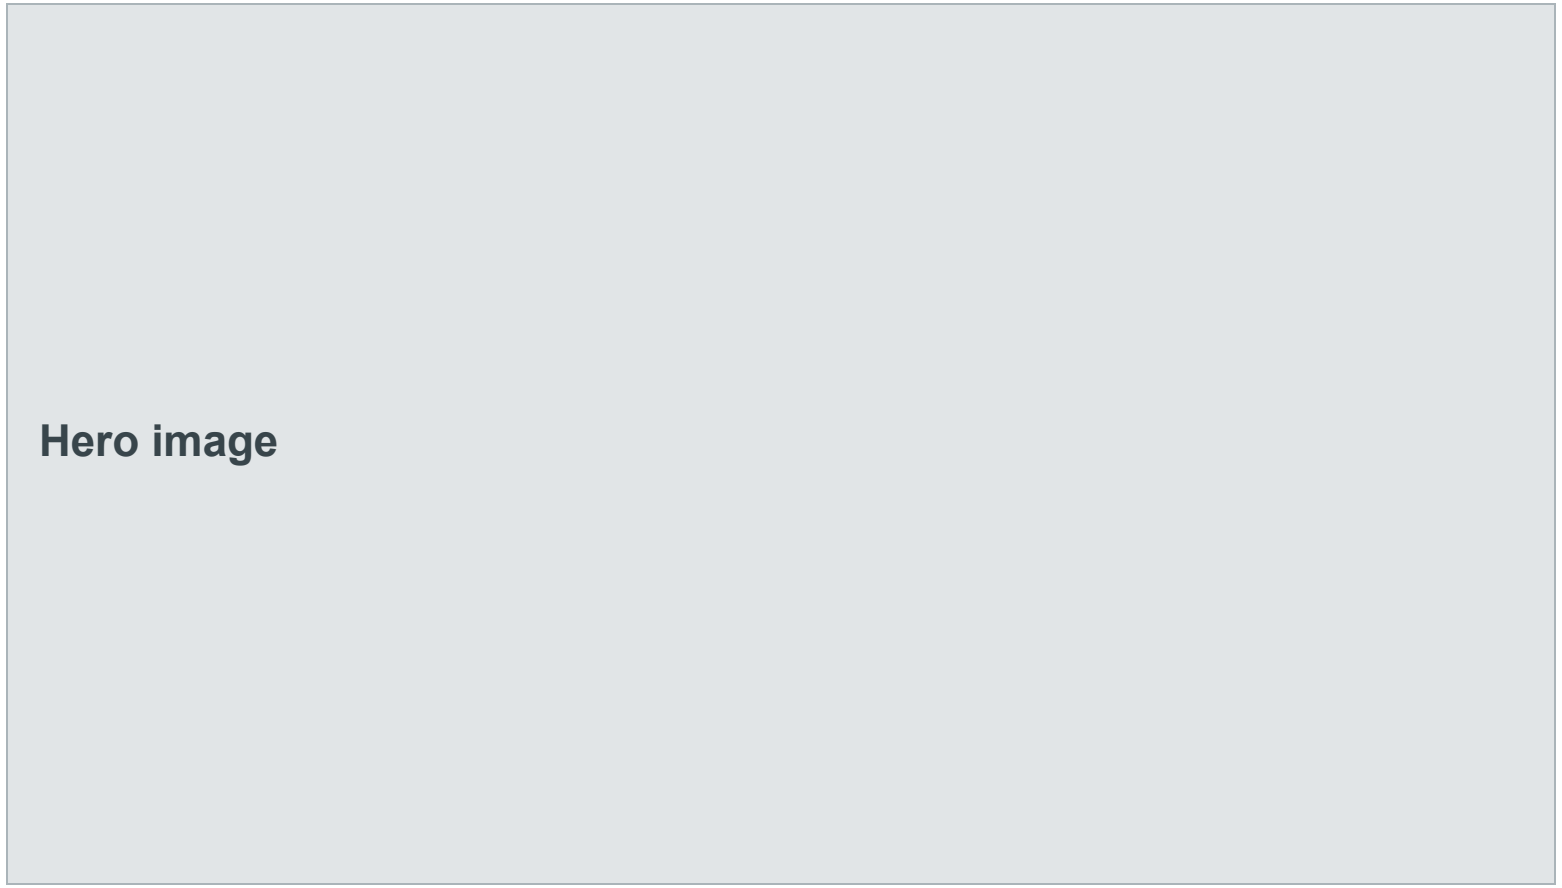

01 / Individual caption

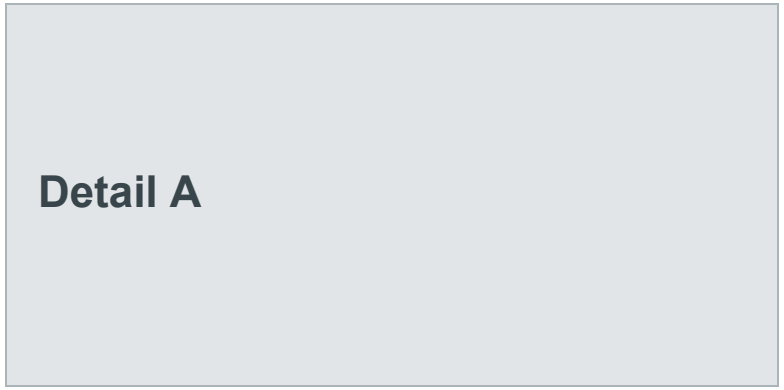

02 / Individual caption

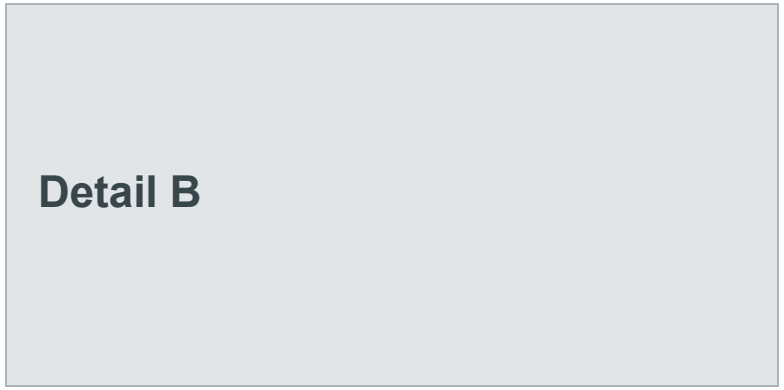

L03 Hero image and two details

Caption / source placeholder

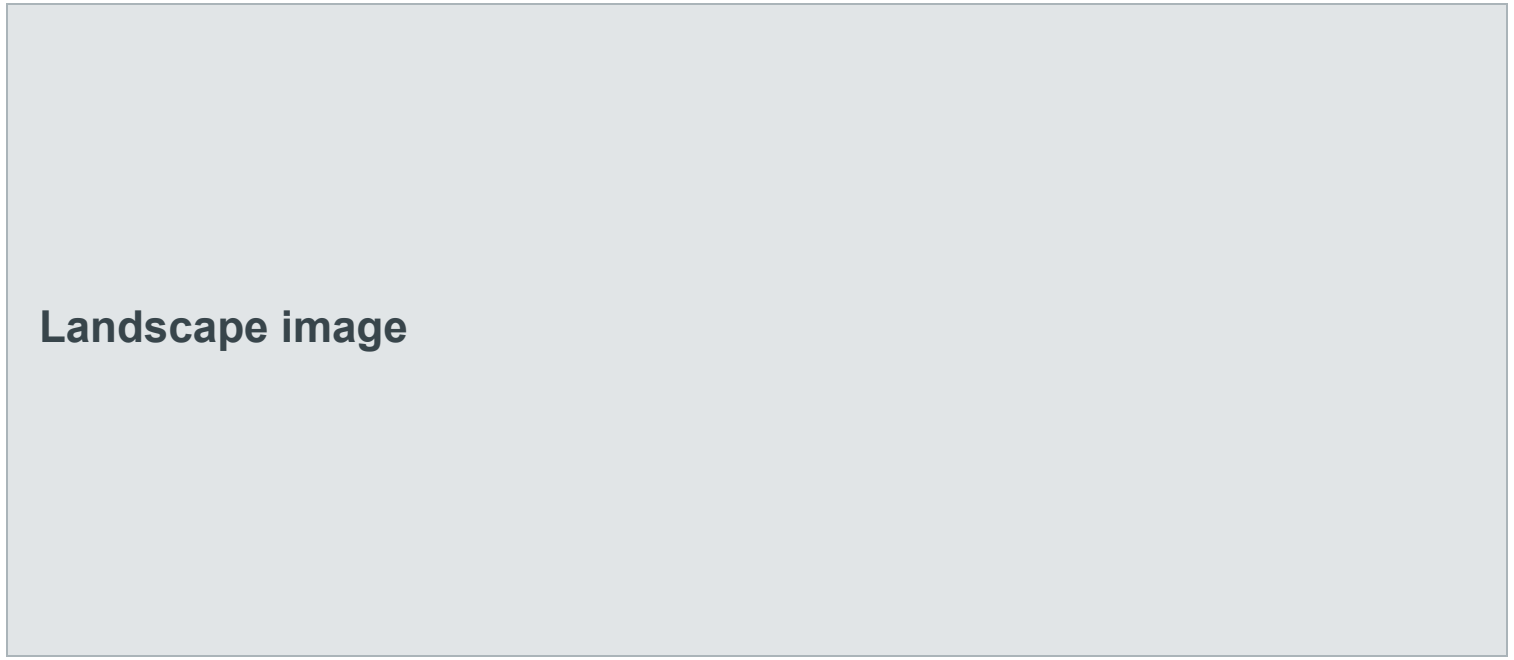

Caption / source placeholder

Caption / source placeholder

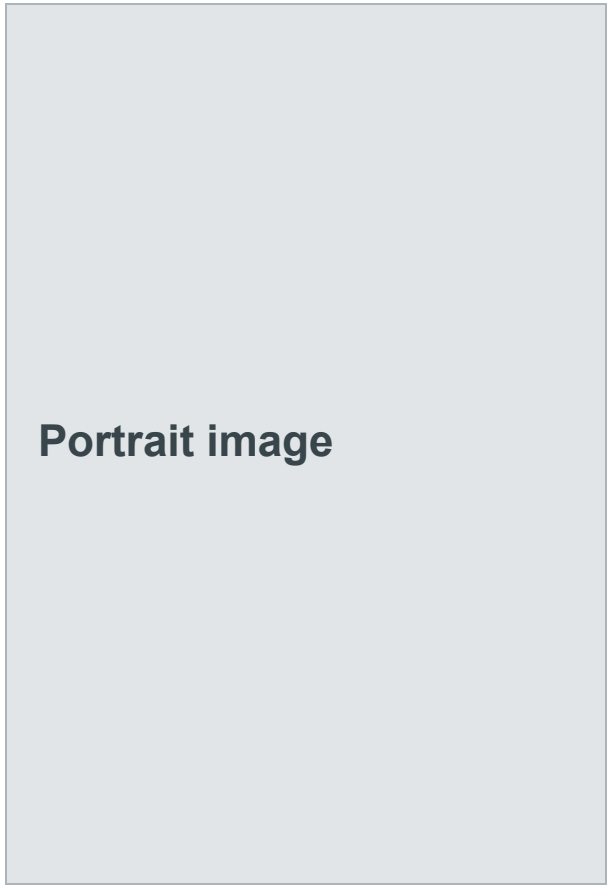

L04 Landscape and portrait images

Caption / source placeholder

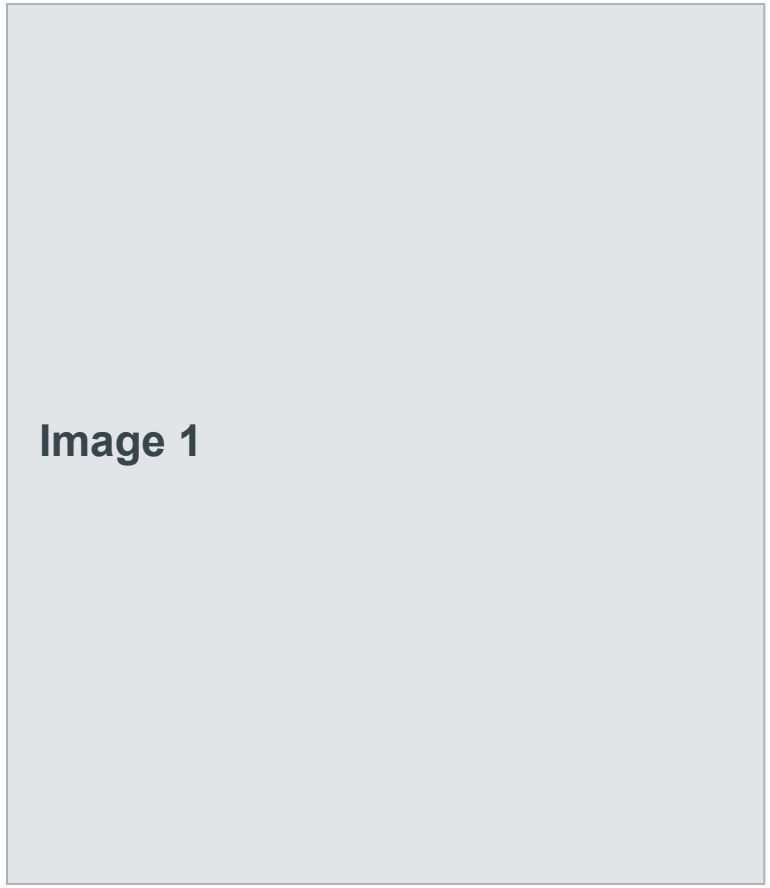

Related views

Body placeholder: explain how the two views relate.

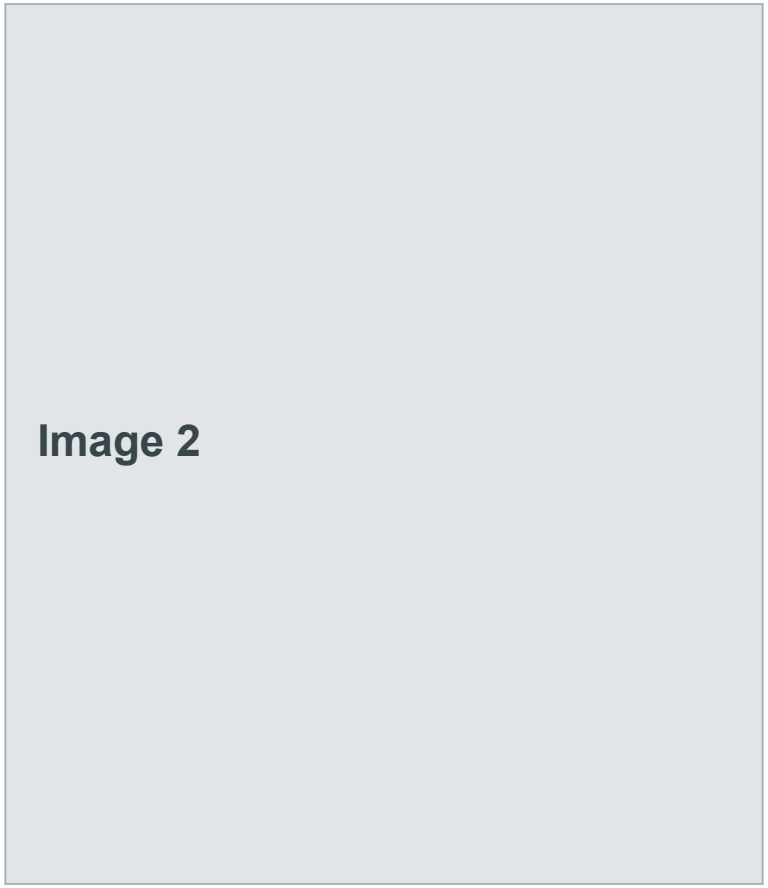

Caption / source placeholder

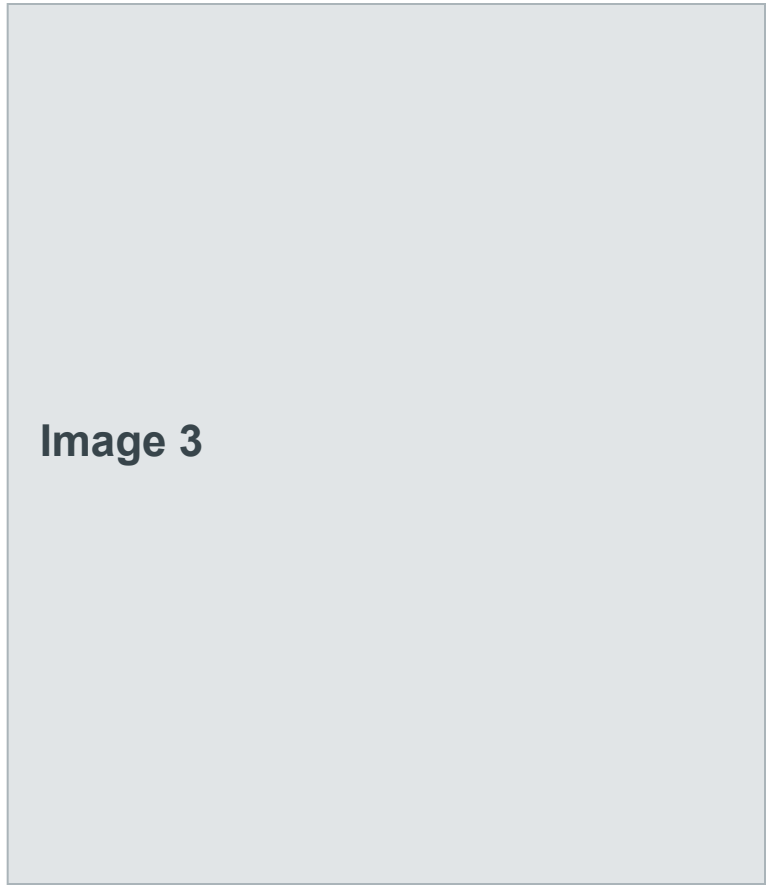

L05 Three-image sequence

01 / Individual caption

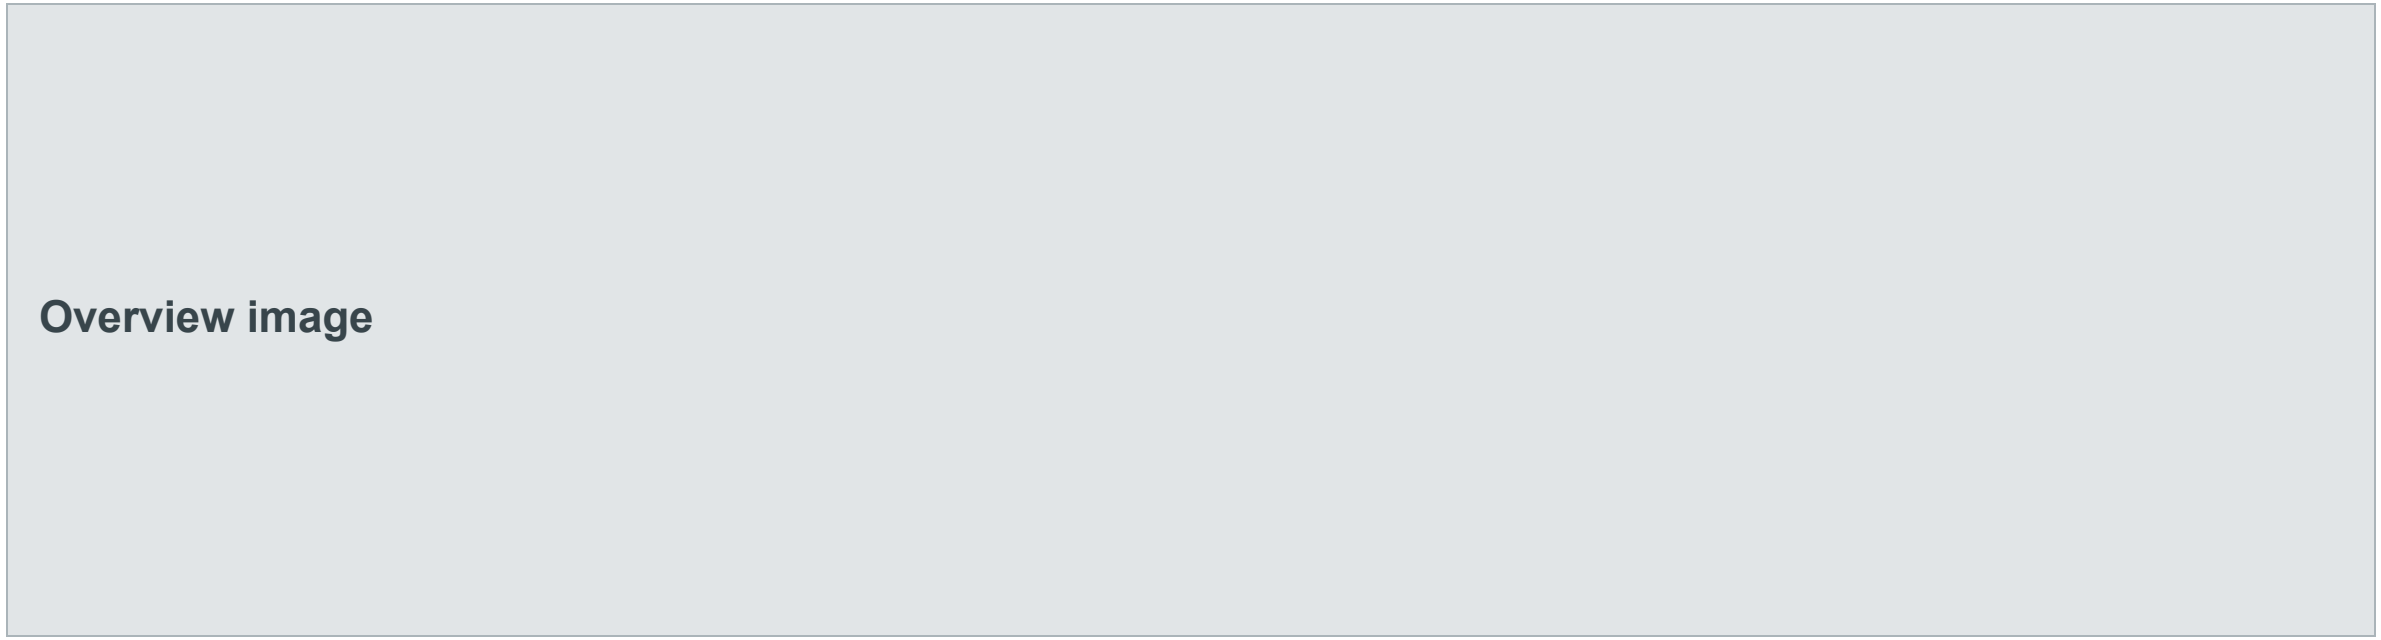

02 / Individual caption

03 / Individual caption

L06 Image and conclusion band

Caption / source placeholder

Key findings

Body placeholder: explain the image evidence and conclusion.

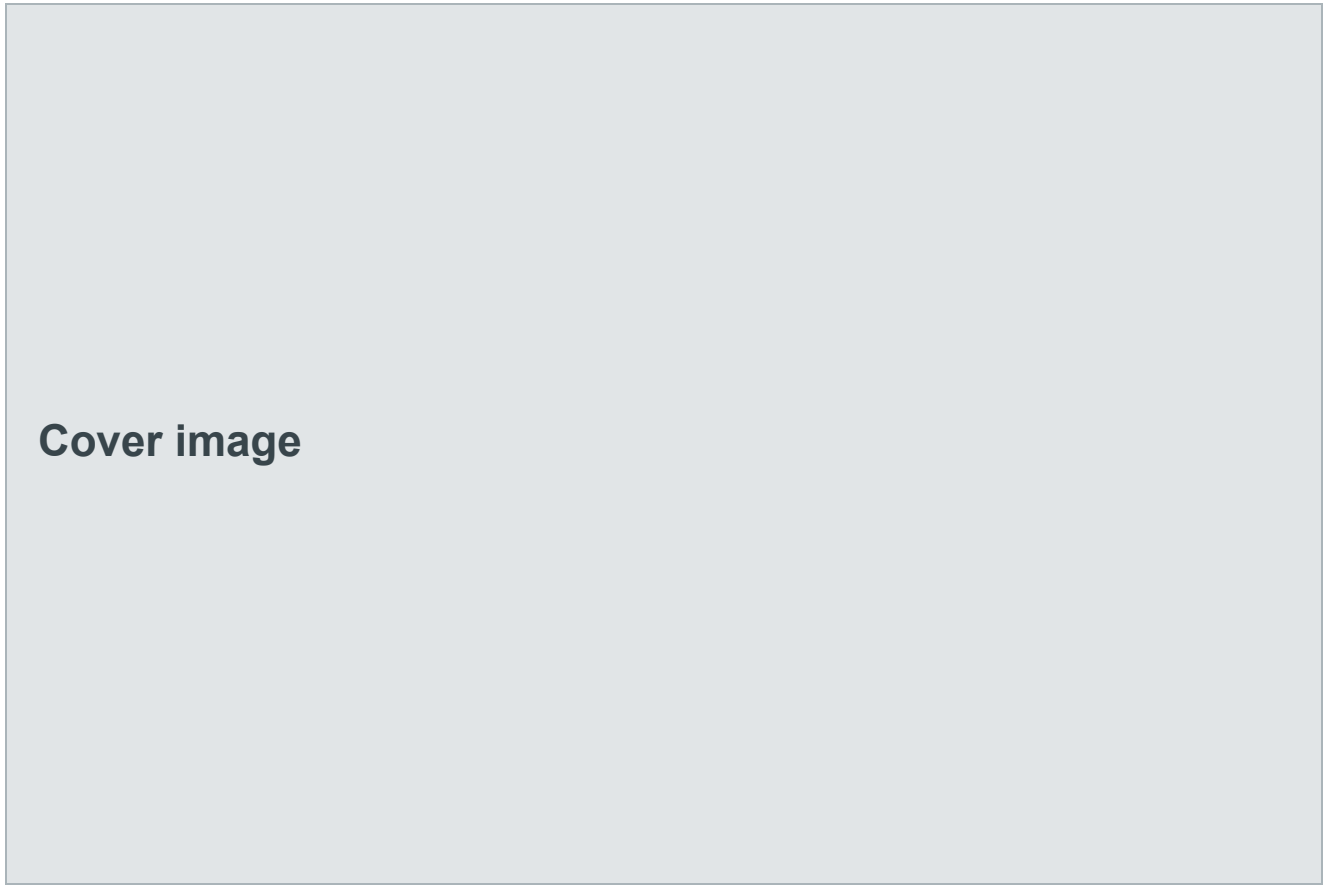

Subject title
Main idea and scope

Subtitle / project scope and date
Author and organization placeholder

L08 Image-led cover

Subject title

Subtitle placeholder
Author / organization / date

Caption / source placeholder

01

Section title and subject

Section introduction: define the scope of the following pages.

L10 Contents

01 / Background

Body placeholder: subject, context and relationships. Add observations, conditions and sources.

02 / Analysis and evidence

Body placeholder: subject, context and relationships. Add observations, conditions and sources.

03 / Options and comparison

Body placeholder: subject, context and relationships. Add observations, conditions and sources.

04 / Conclusions and actions

Body placeholder: subject, context and relationships. Add observations, conditions and sources.

L11 Single statement

Main statement
One clear subject for the page

Body placeholder: explain the supporting conditions.
Keep evidence, limitations and scope visible.

L12 Two-column reading

Subject A

Body placeholder: background, problem and analysis.

Second paragraph: facts and conditions.

Third paragraph: conclusion and limitations.

Subject B

Body placeholder: continue the narrative and evidence.

Second paragraph: comparison information.

Third paragraph: summarize the observations.

L13 Quotation

"Quotation placeholder. Preserve the meaning and identify the author and source."

Author / publication / page / date

L14 Key metrics

Metric A

120

Unit / time period
Fictional example / source placeholder

Metric B

75%

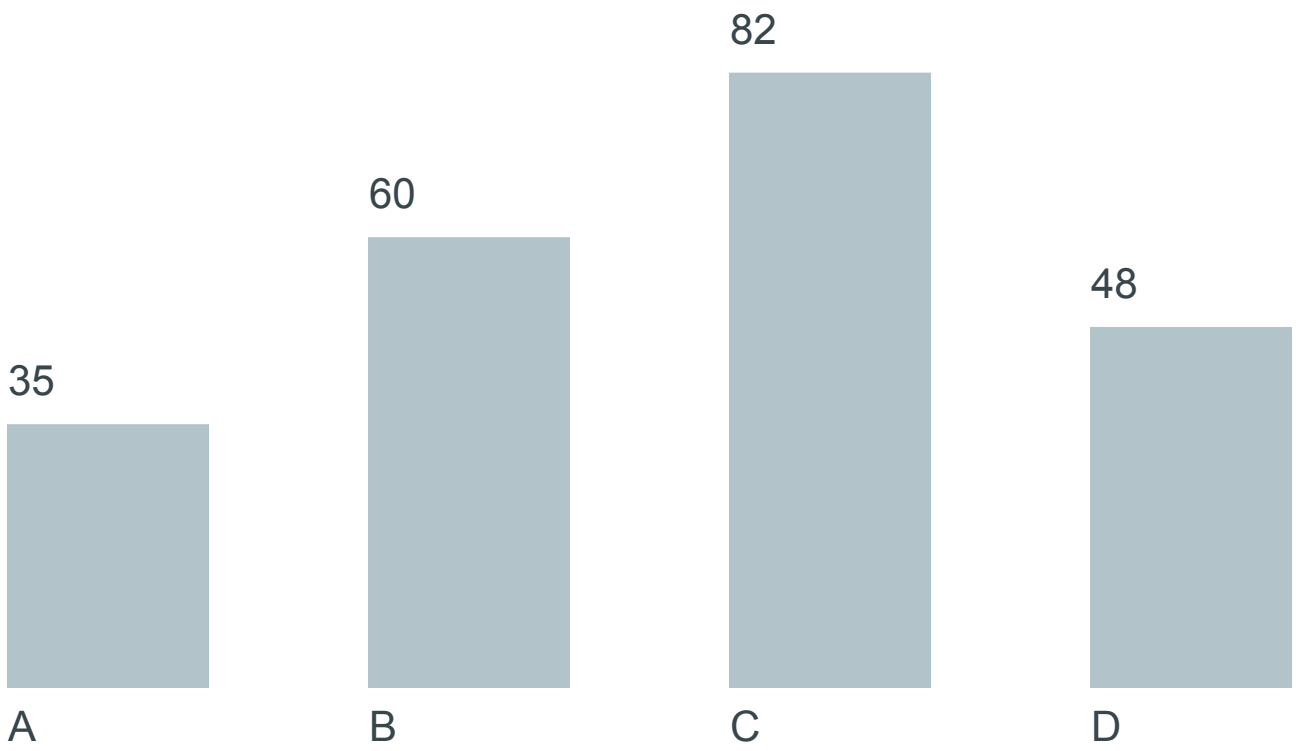

Unit / time period
Fictional example / source placeholder

Metric C

24

Unit / time period
Fictional example / source placeholder

L15 Chart and interpretation

Interpretation

Fictional example values.
Use consistent units and subjects.
State the method and source.

L16 Comparison table

Dimension	Option A	Option B
Benefits	Benefit placeholder	Benefit placeholder
Cost	Cost placeholder	Cost placeholder
Conditions	Condition placeholder	Condition placeholder

Comparison basis / placeholder data / source and date

L17 Timeline

Start

Date placeholder
Milestone and conditions

Research

Date placeholder
Milestone and conditions

Validation

Date placeholder
Milestone and conditions

Delivery

Date placeholder
Milestone and conditions

L18 Process steps

01 / Prepare

Body placeholder: subject, context and relationships.
Add observations, conditions and sources.

02 / Execute

Body placeholder: subject, context and relationships.
Add observations, conditions and sources.

03 / Review

Body placeholder: subject, context and relationships.
Add observations, conditions and sources.

L19 Central topic and branches

Central topic

Core objective and subject placeholder

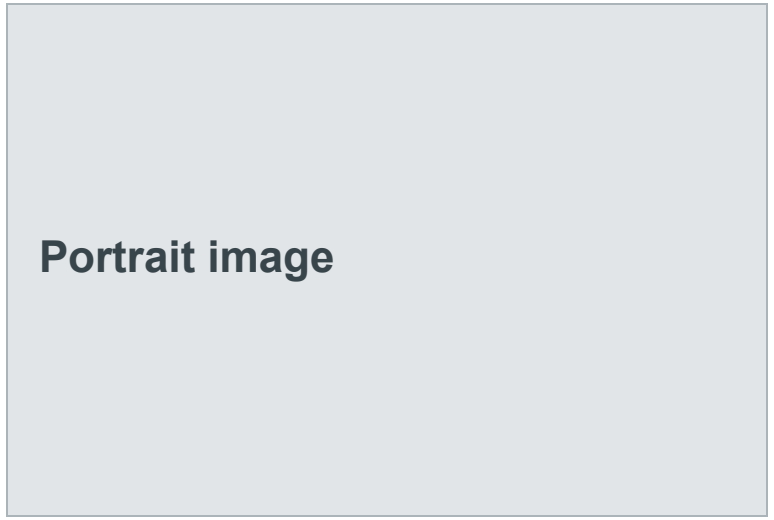

Branch A

Body placeholder: subject, context and relationships. Add observations, conditions and sources.

Branch B

Body placeholder: subject, context and relationships. Add observations, conditions and sources.

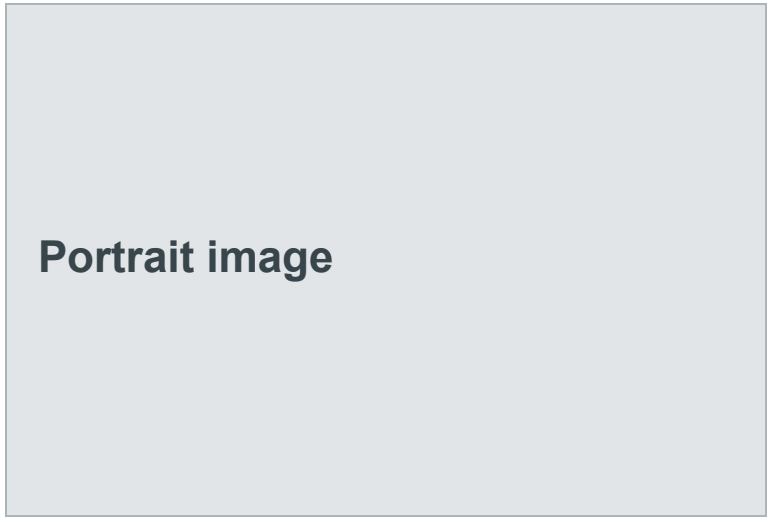

L20 Team

Member 1 / name and role

Role and experience

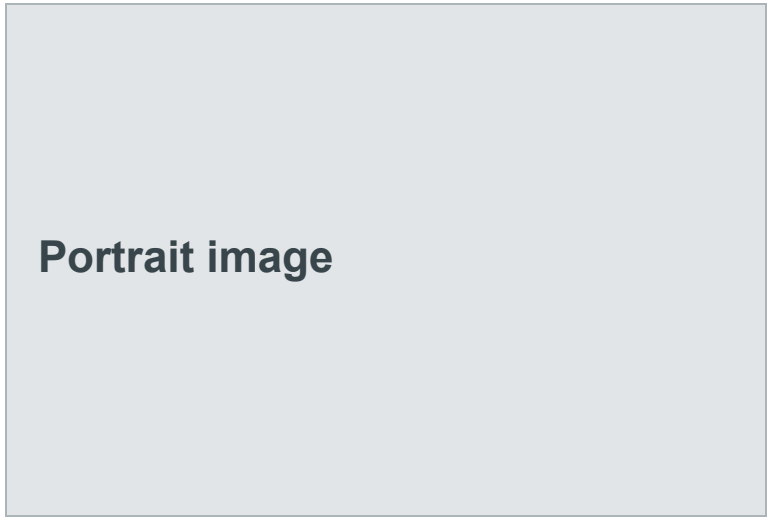

Short biography, responsibilities and sources.

Member 2 / name and role

Role and experience

Short biography, responsibilities and sources.

Member 3 / name and role

Role and experience

Short biography, responsibilities and sources.

L21 Materials and image board

Material hero image

Caption / source placeholder

Image 1

01 / Individual caption

Image 2

02 / Individual caption

Image 3

03 / Individual caption

Image 4

04 / Individual caption

Material / color / process / source

L22 Business model canvas

Key partners

Content placeholder

Key activities

Content placeholder

Key resources

Content placeholder

Value proposition

Content placeholder

Relationships

Content placeholder

Channels

Content placeholder

Customer segments

Content placeholder

Cost structure

Content placeholder

Revenue streams

Content placeholder

L23 Summary and actions

Key findings

Finding 01 / evidence placeholder

Finding 02 / applicable conditions

Finding 03 / open questions

Next actions

Owner / task / deadline

Acceptance criteria / resources

Risks and decisions

Contact and follow-up

Name / organization
Email and contact placeholder
Project link / date

L25 Full-bleed image cover

Subject title
Full-bleed image cover

Author / project / date

Full-bleed image placeholder

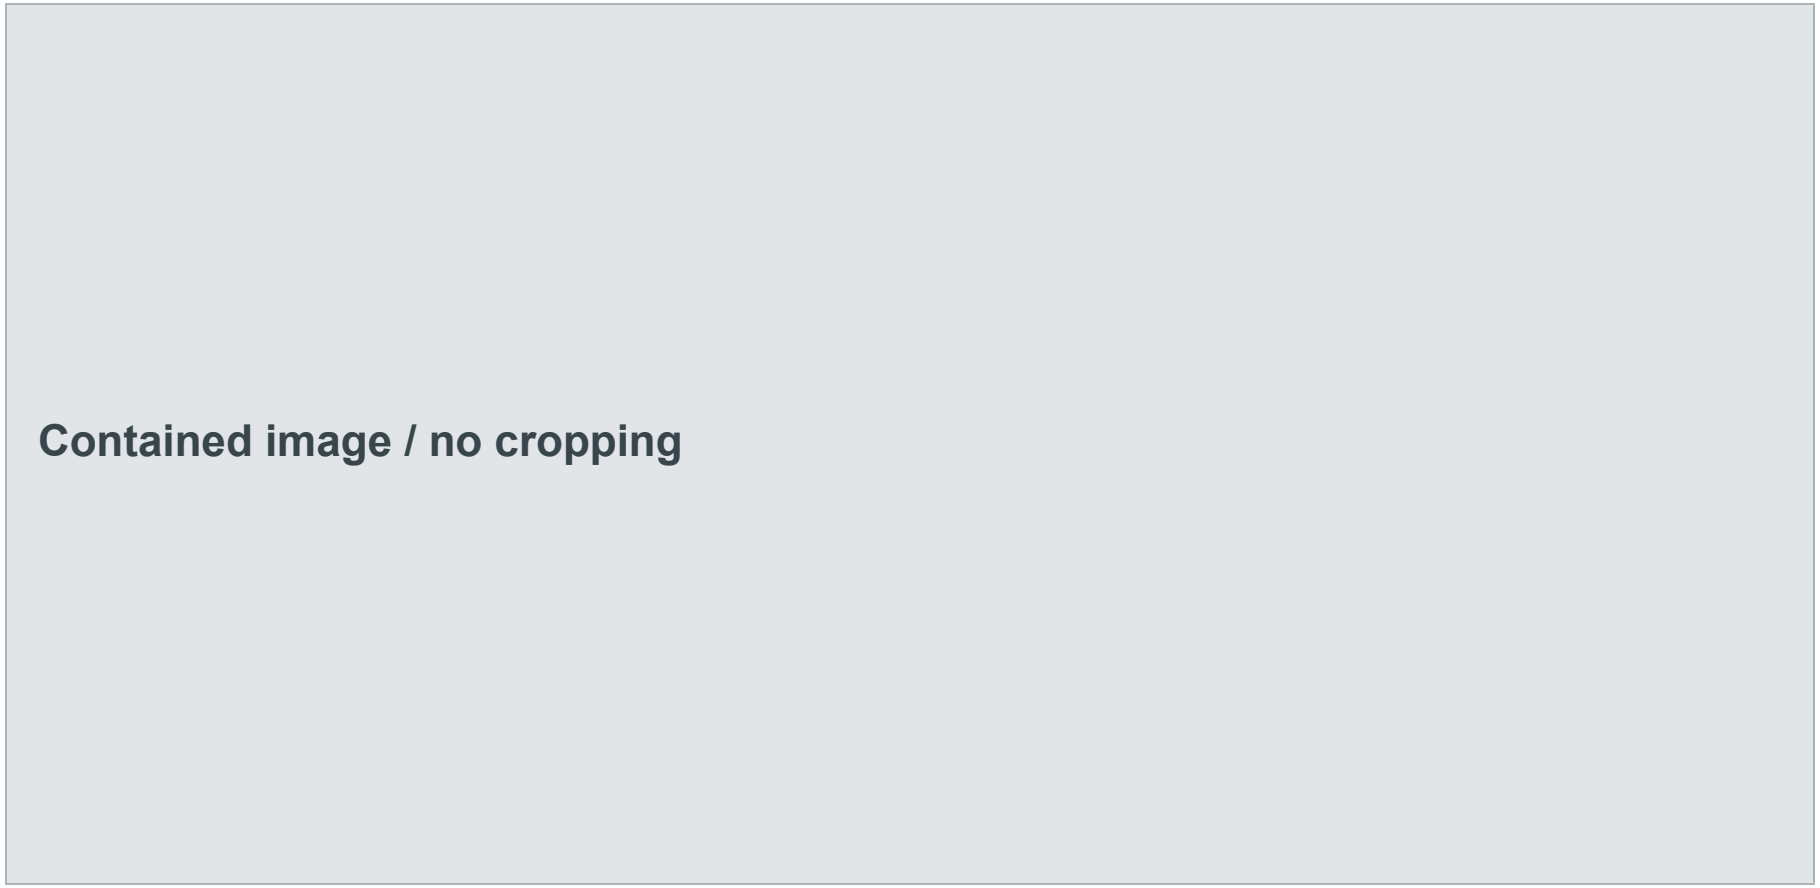

L26 Full-bleed image content

Full-bleed image placeholder

Content title

Image evidence explanation placeholder.
Keep text clear of the image subject.

L27 Contained single image

Caption / source placeholder

L28 Stacked image pair

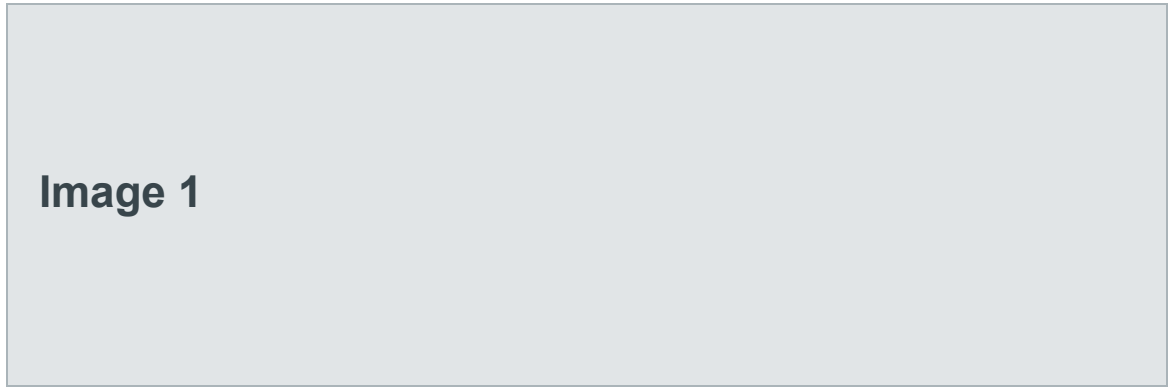

Upper image

Caption / source placeholder

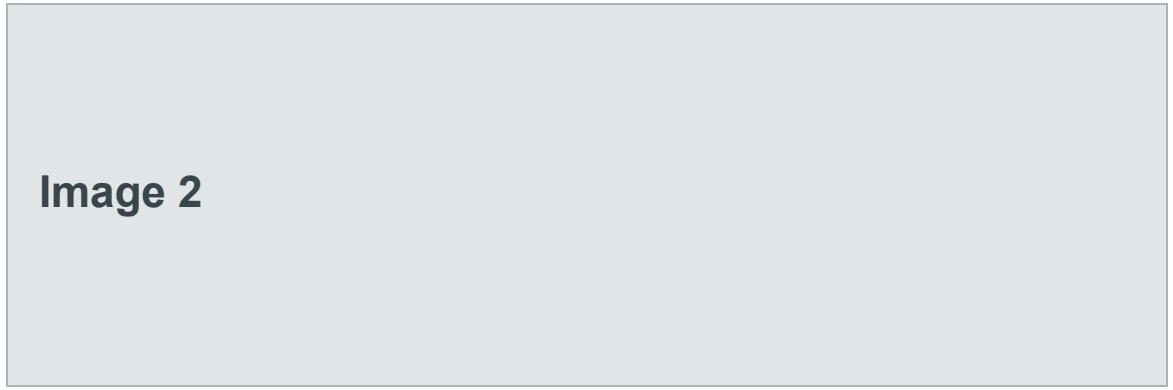

Lower image

Caption / source placeholder

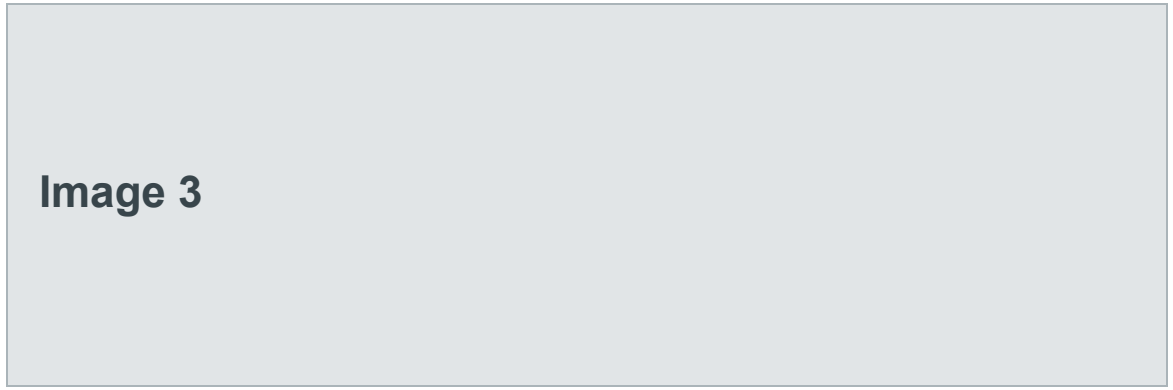

L29 Four-image grid

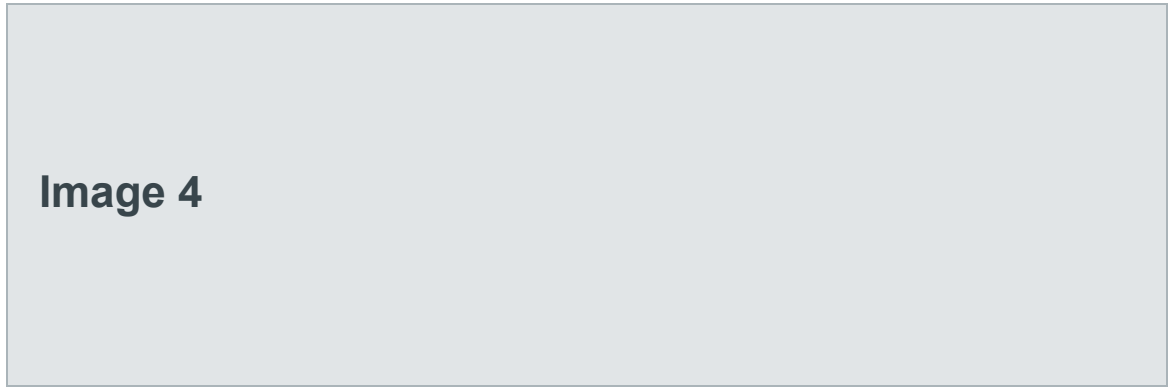

01 / Individual caption

02 / Individual caption

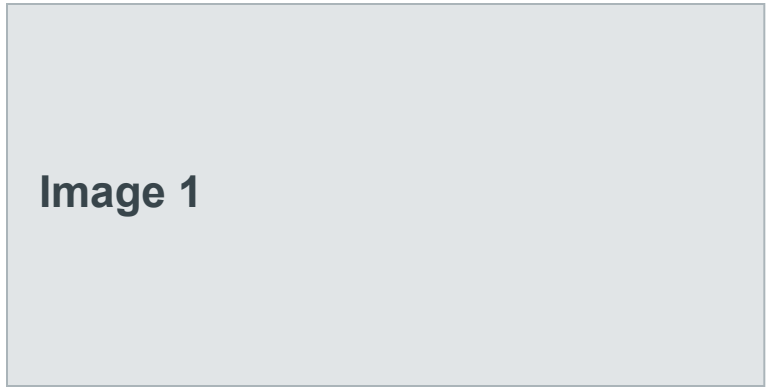

03 / Individual caption

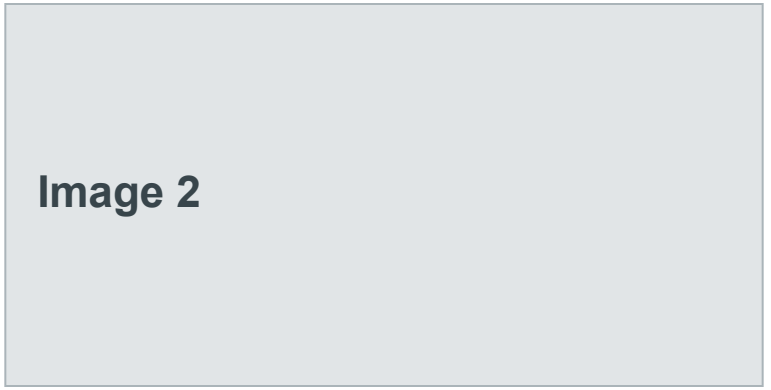

04 / Individual caption

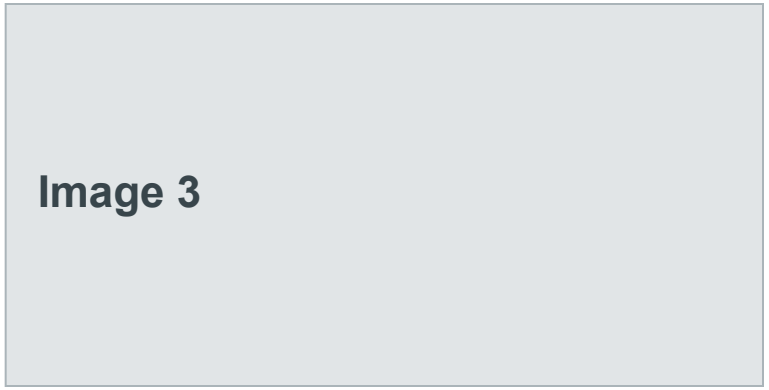

L30 Six-image grid

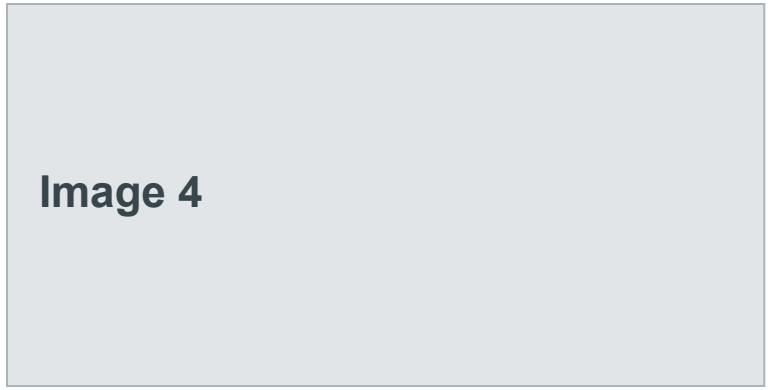

01 / Individual caption

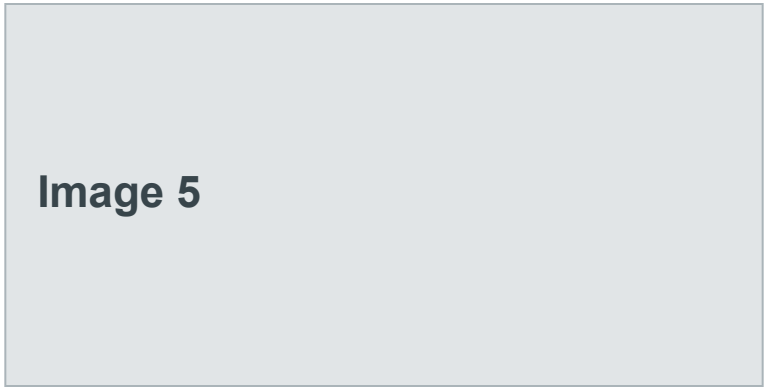

02 / Individual caption

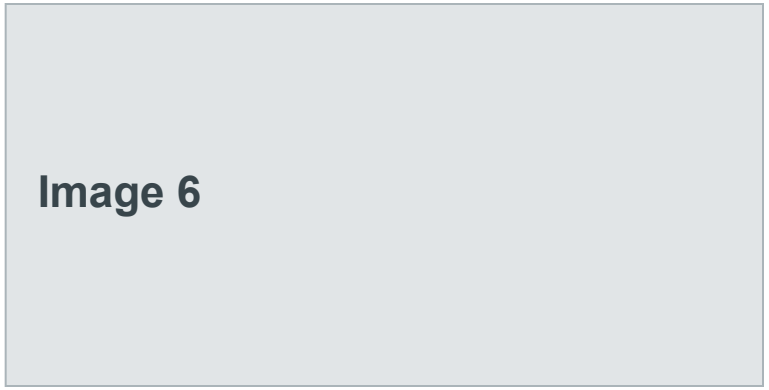

03 / Individual caption

04 / Individual caption

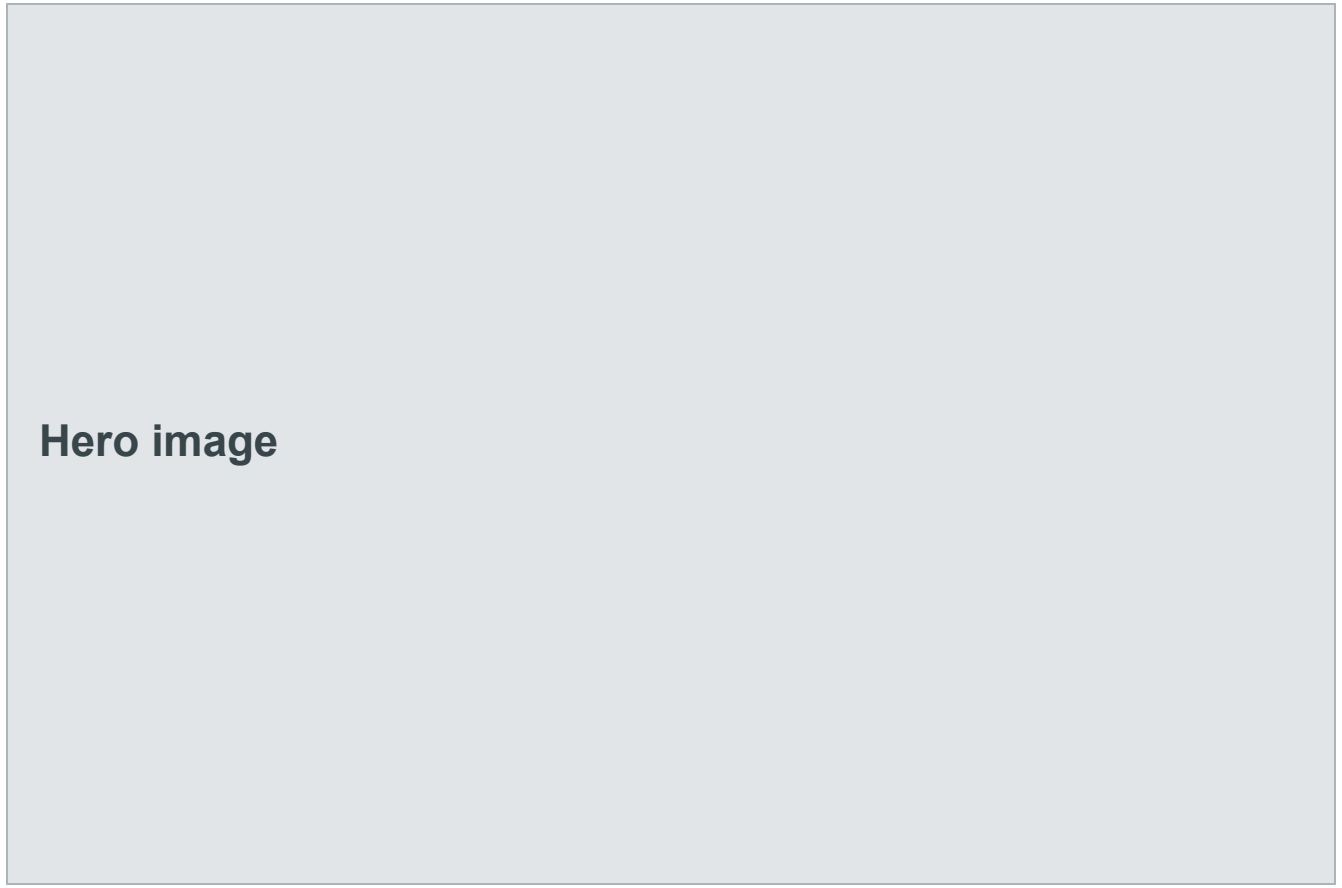

05 / Individual caption

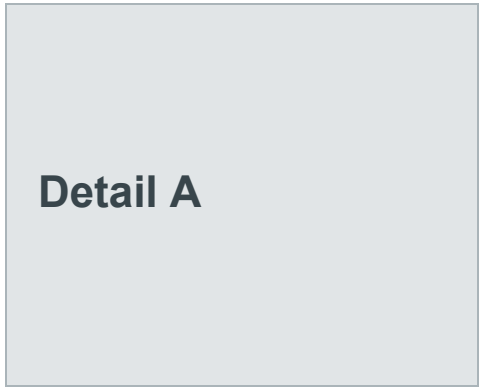

06 / Individual caption

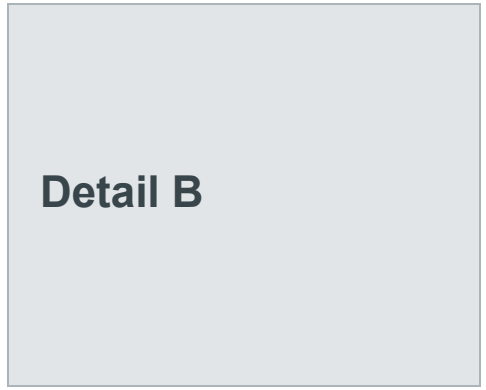

L31 Asymmetric image group

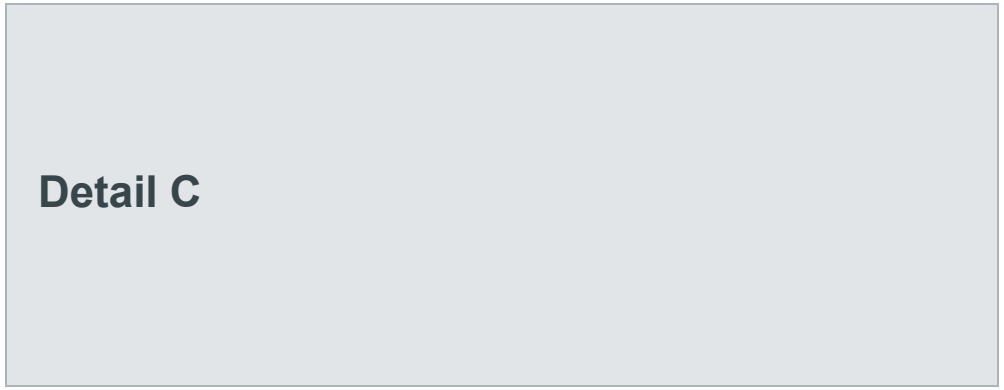

Caption / source placeholder

Caption / source placeholder

Caption / source placeholder

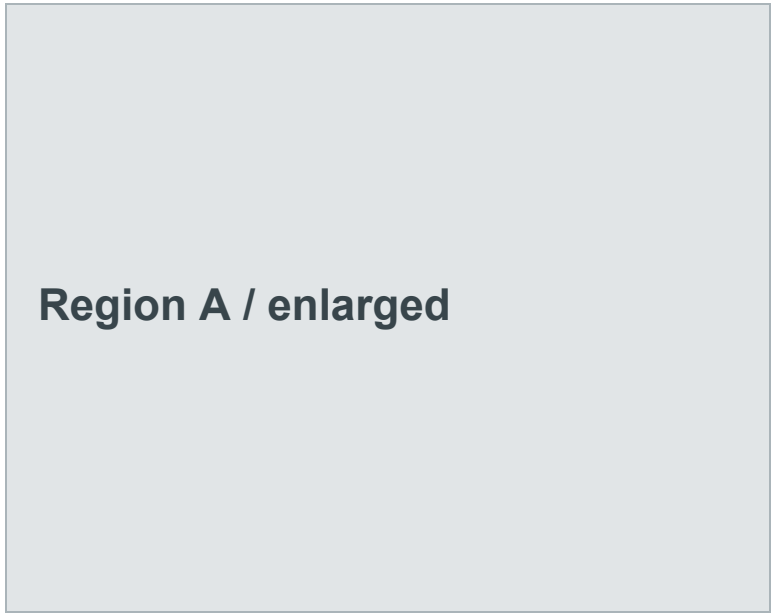

Caption / source placeholder

L32 Overview and detail enlargement

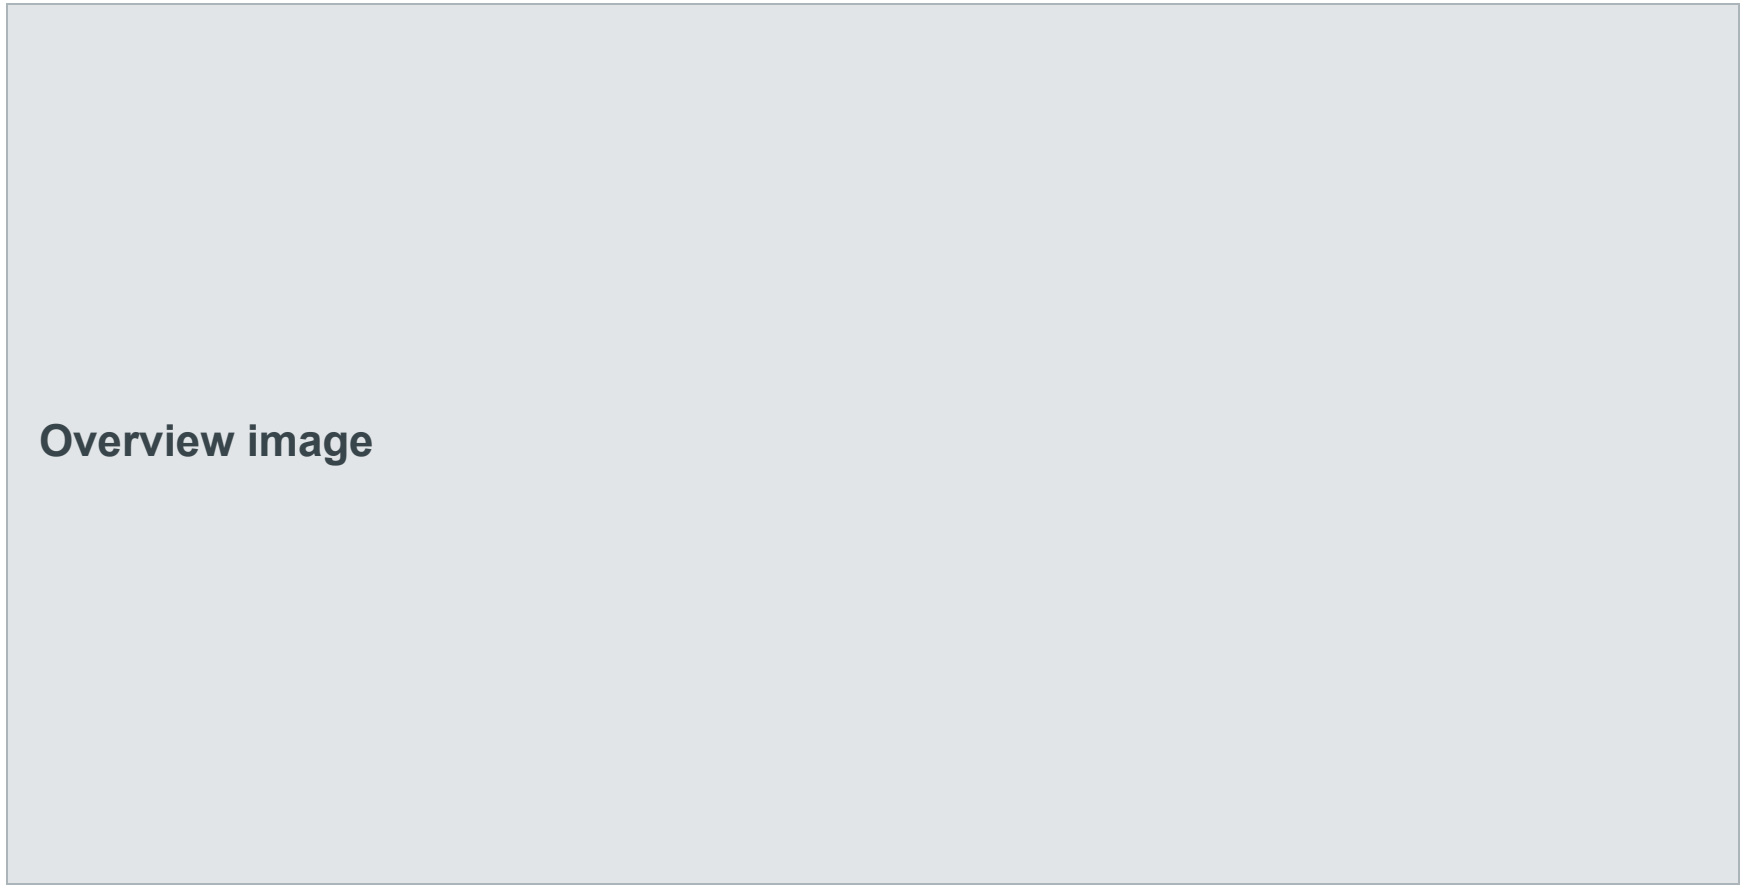

Caption / source placeholder

Caption / source placeholder

Corresponding region
Crop coordinates and image source

L33 Image and caption rail

Caption / source placeholder

Extended caption

Subject / location
Date / author

Image description

Source and rights

L34 Problems and responses

Problem 01

Body placeholder: subject, context and relationships. Add observations, conditions and sources.

Response 01

Body placeholder: subject, context and relationships. Add observations, conditions and sources.

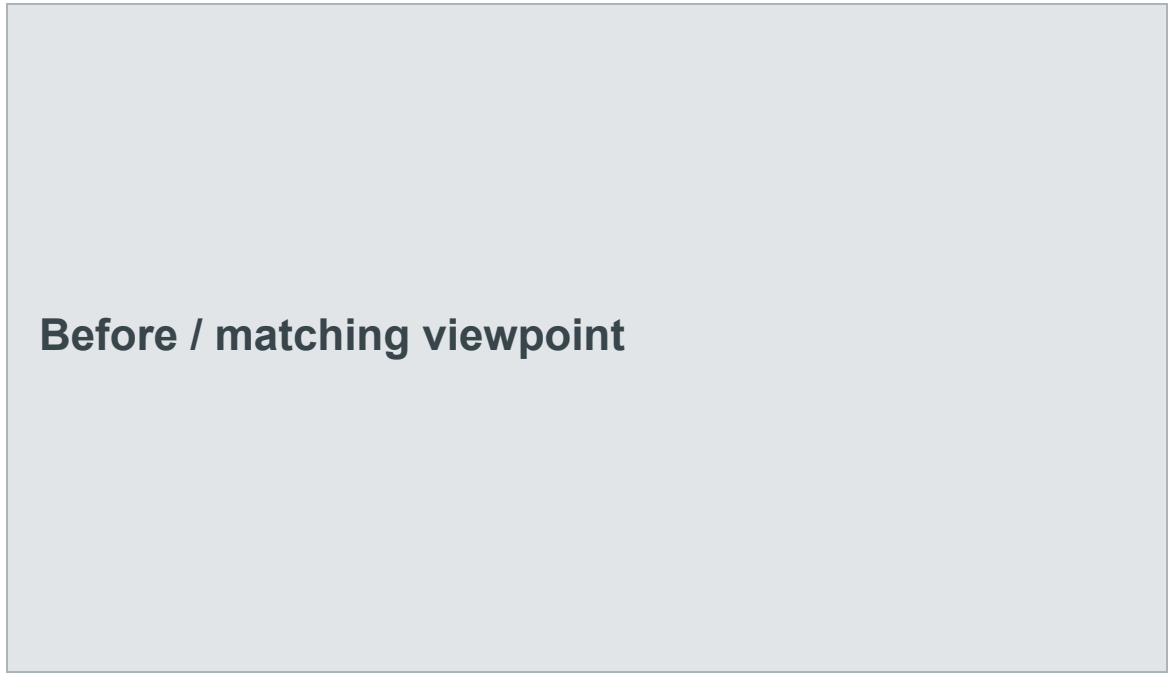

Problem 02

Body placeholder: subject, context and relationships. Add observations, conditions and sources.

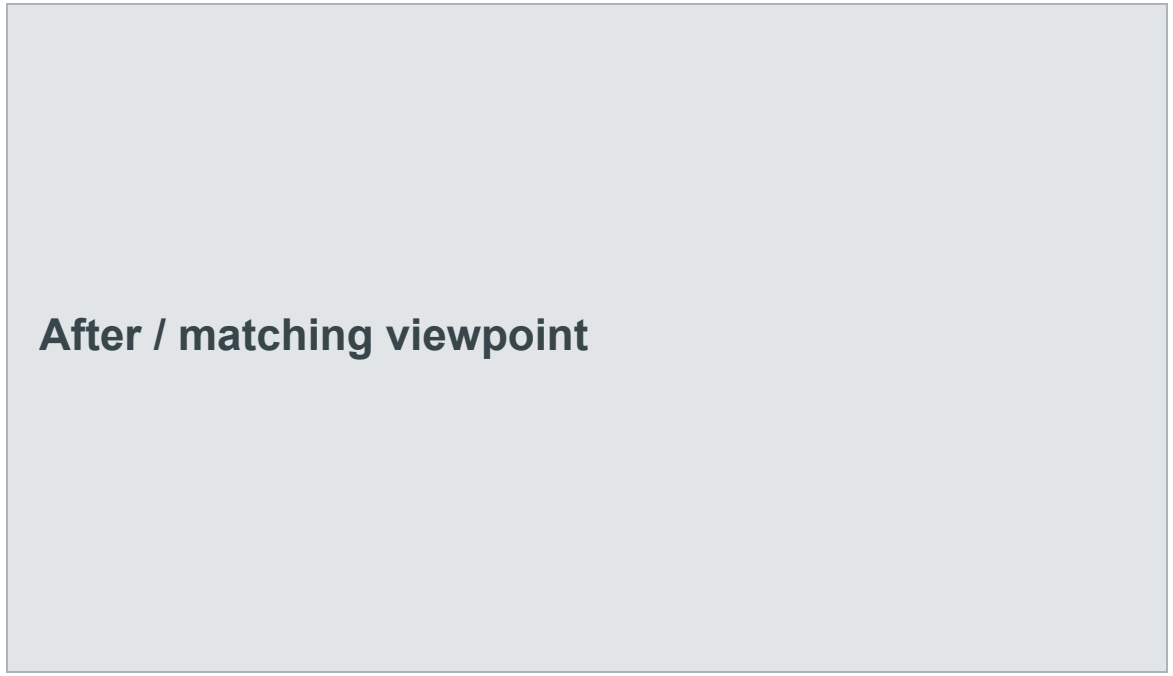

Response 02

Body placeholder: subject, context and relationships. Add observations, conditions and sources.

L35 Before and after

Caption / source placeholder

Caption / source placeholder

Change description: identify changes, dates, conditions and comparison limits.

L36 Options and trade-offs

Conditions	Option A	Option B
Key benefits	Benefit placeholder	Benefit placeholder
Costs and limits	Limitation placeholder	Limitation placeholder
Prerequisites	Condition placeholder	Condition placeholder

Choice and rationale

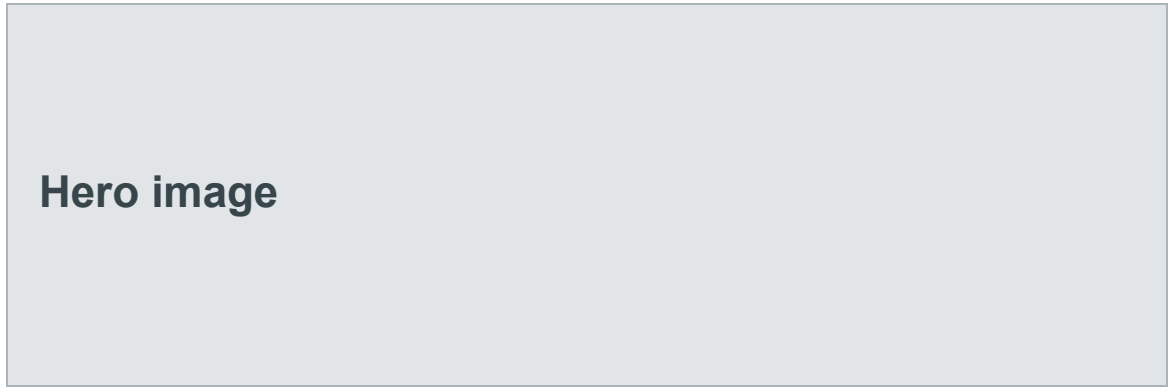

Recommended option placeholder
Evidence and trade-offs
Conditions to confirm

L37 Appendix and sources

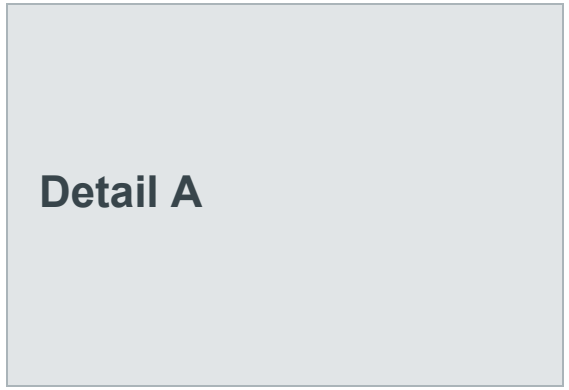

ID	Material / author	Source details
01	Publication / author	Link / page / date
02	Image / photographer	Source / rights status
03	Data / publisher	Period / sample scope

Continue sources on another page rather than reducing legibility.

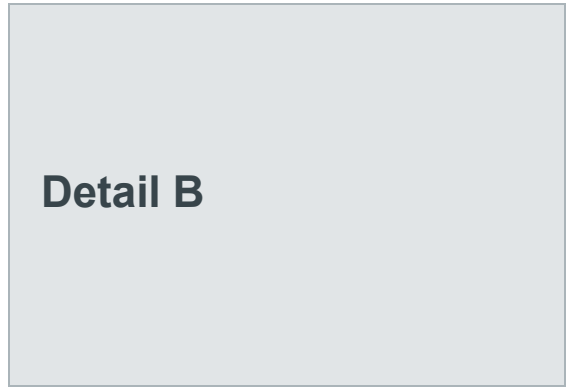

L38 Sparse five-image grid

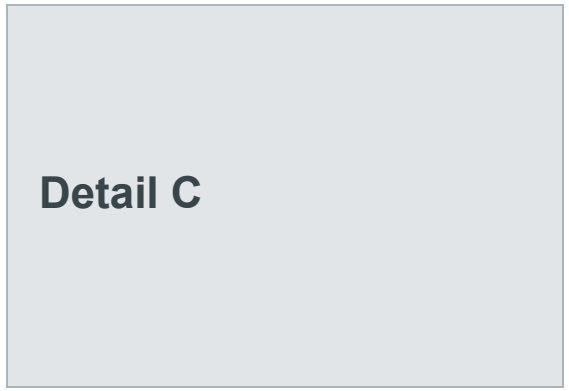

Caption / source placeholder

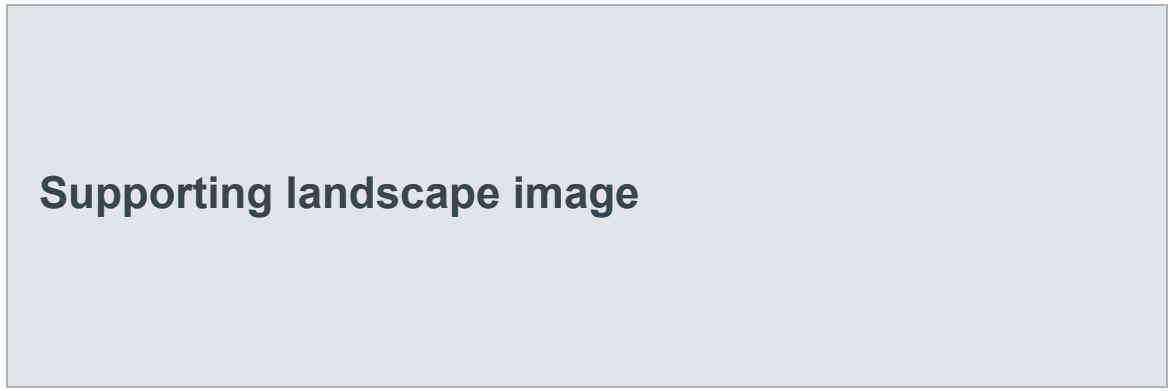

Caption / source placeholder

Caption / source placeholder

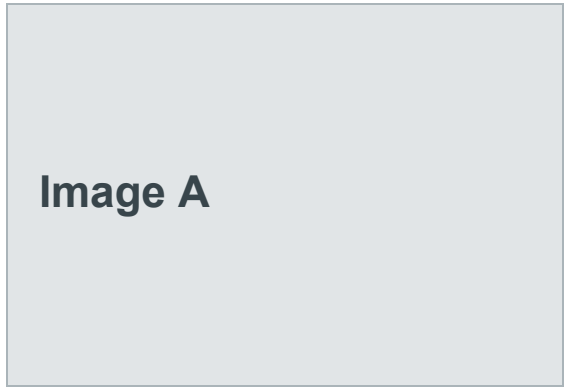

Caption / source placeholder

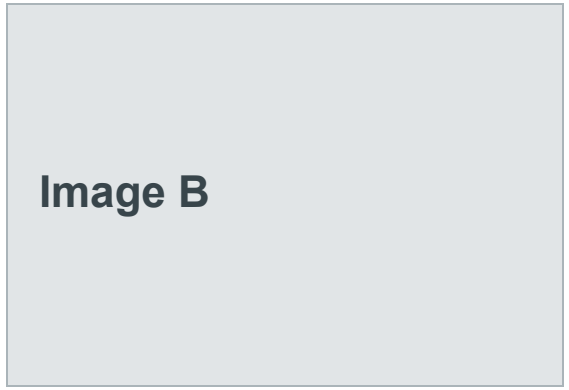

Caption / source placeholder

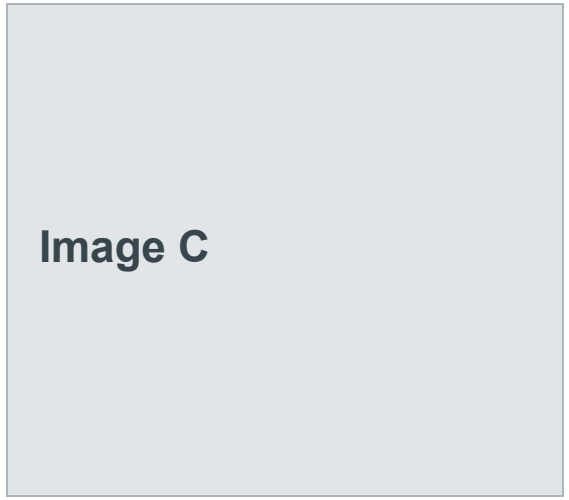

L39 Seven-image column gallery

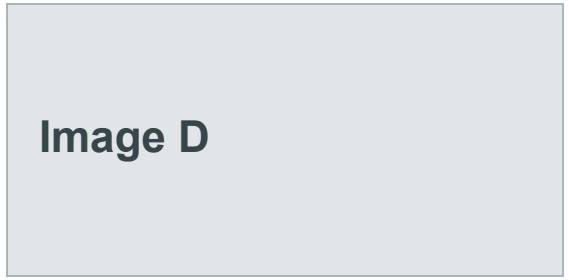

Caption / source placeholder

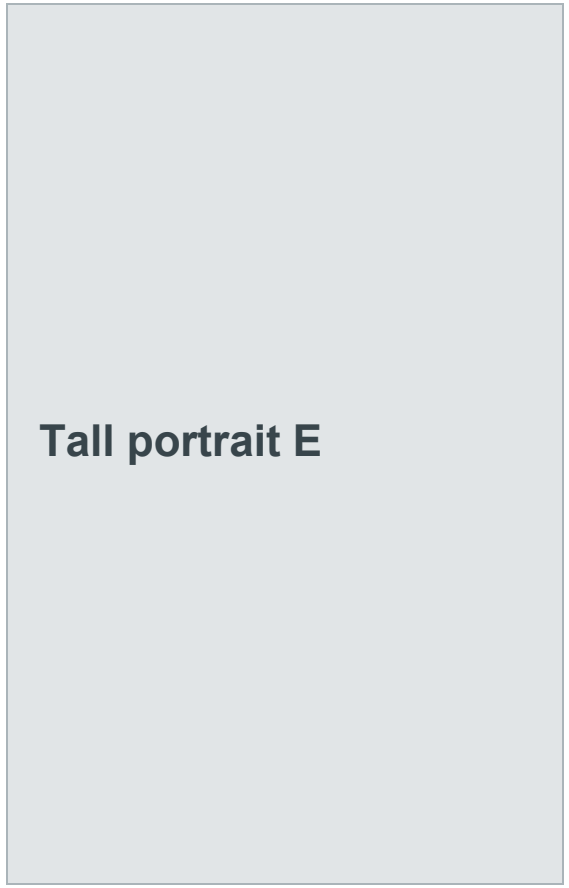

Caption / source placeholder

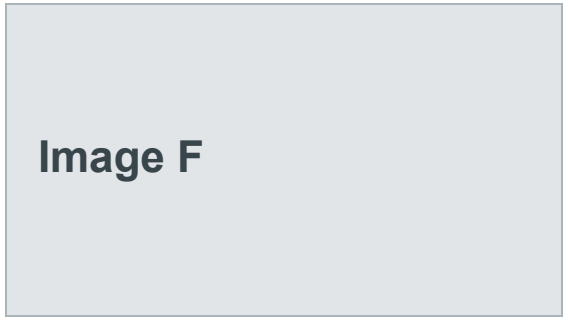

Caption / source placeholder

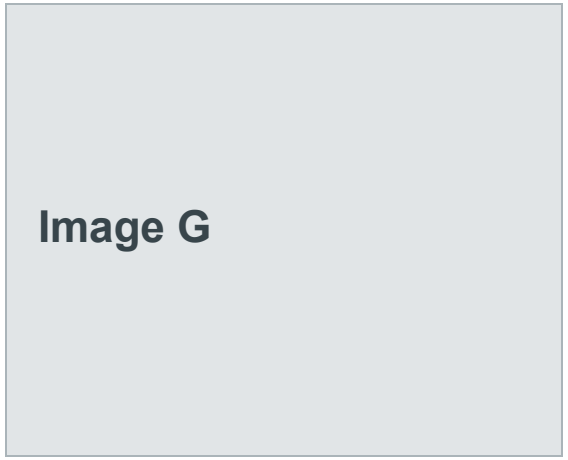

Caption / source placeholder

Caption / source placeholder

Caption / source placeholder

Caption / source placeholder

L40 Product interface and explanation

Main task

Body placeholder: explain the interface task.

Version / state

Display conditions

Application / page state

Full interface screenshot / no cropping

Screenshot source / product version

L41 Pricing and conditions

Basic

19 / fictional price
Per month / per seat

Target user placeholder
Core benefits placeholder
Capacity limits placeholder

Period / taxes / conditions

Team

49 / fictional price
Per month / per seat

Target user placeholder
Core benefits placeholder
Capacity limits placeholder

Period / taxes / conditions

Enterprise

99 / fictional price
Per month / per seat

Target user placeholder
Core benefits placeholder
Capacity limits placeholder

Period / taxes / conditions

L42 Market scope layers

TAM / total market

Fictional values / scope and year

SAM / serviceable market

Fictional values / scope and year

SOM / obtainable market

Fictional values / scope and year

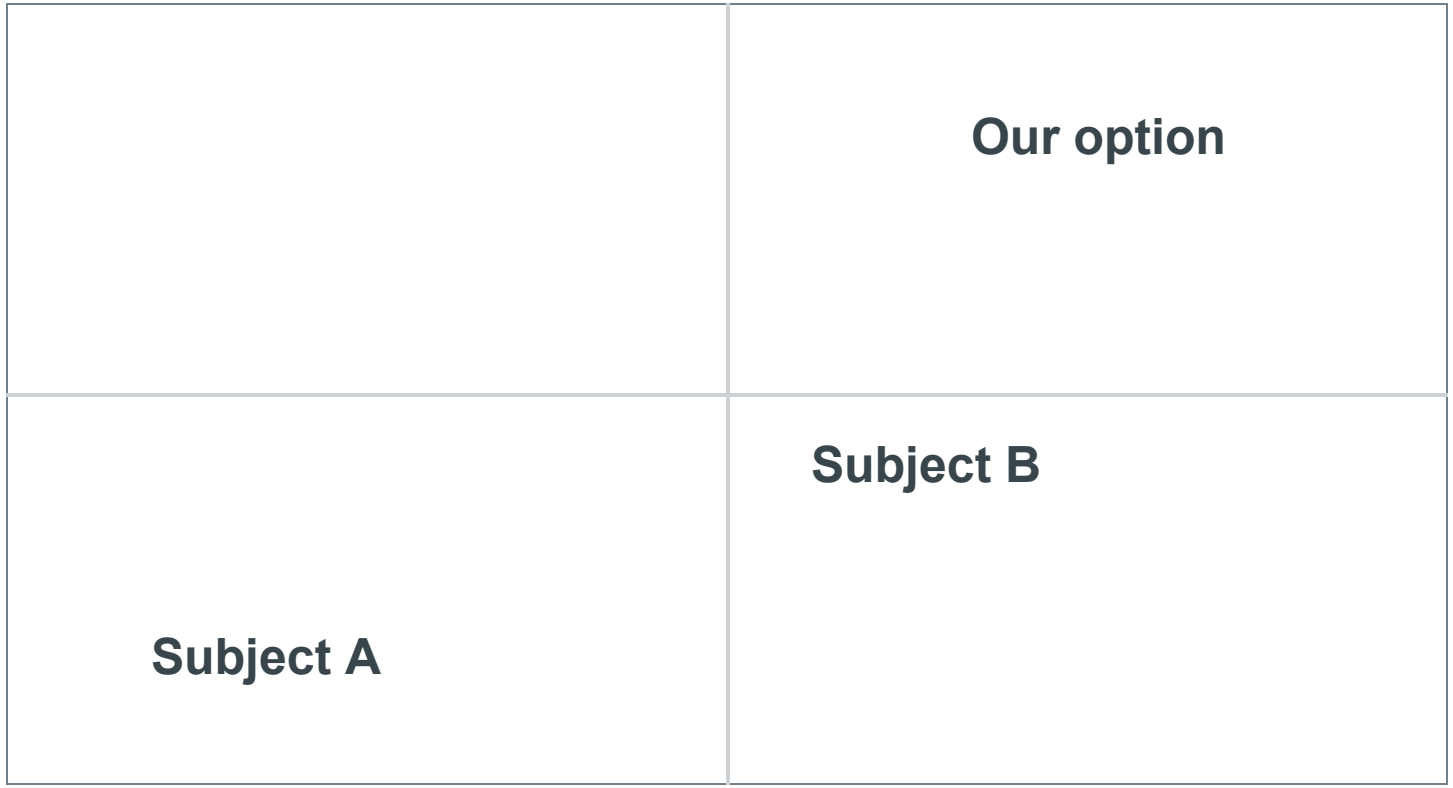

Scope and method

Consistent units
Selection criteria / source

Box widths do not encode values.

L43 Competitive positioning

Ease of use increases upward

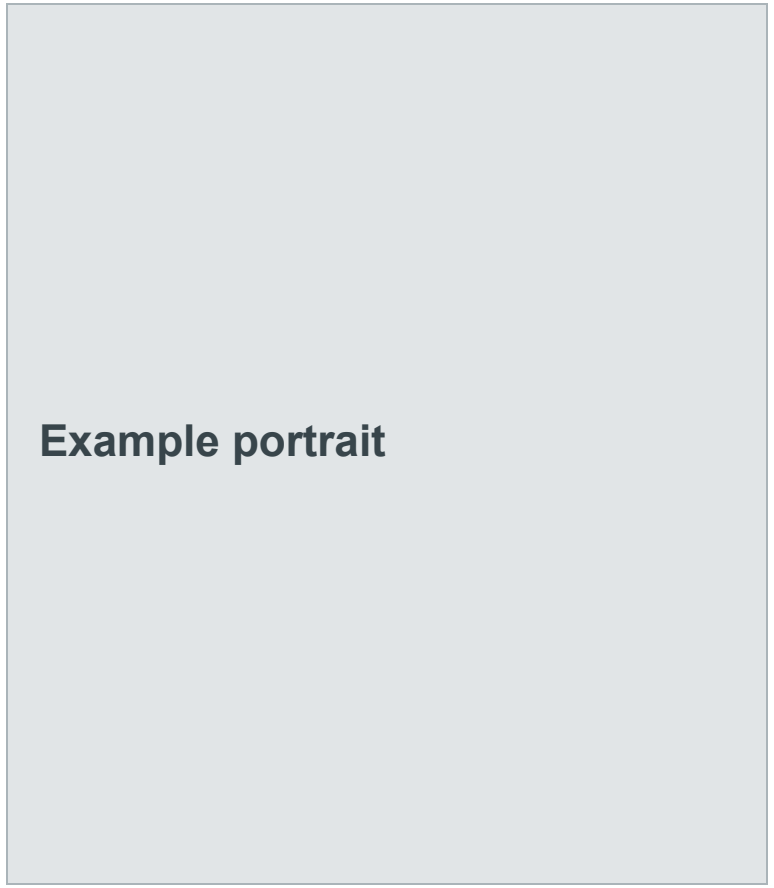

Axes and evidence

Illustrative positions, not measured scores.

Dimension definitions
Evaluation method
Source and date

L44 Customer persona

Fictional persona / not an interviewee

Target user and context

Goal: the task to complete.

Obstacle: current practices and constraints.

Behavior: channels, frequency and conditions.

Evidence: interview or data source placeholder.

L45 Cohort retention matrix

Cohort / size	Month 0	Month 1	Month 2	Month 3	Month 4
Jan / 100	100%	75%	61%	48%	40%
Feb / 120	100%	78%	65%	50%	Not observed
Mar / 90	100%	80%	68%	Not observed	Not observed

Fictional example: active members / initial cohort size.
Not observed is not zero. Compare cohorts by column and time by row.
